Deadline: December 30, 2015.

CPC STUDENT OPPORTUNITIES

Demography Minor. The CPC offers a campus-wide minor in Demography that is open to PhD students in all social science graduate fields. Admission to the Demography minor requires that at least one member of the

student's special committee is a CPC affiliate. Students interested in signing up for the Demography minor should contact Lindy Williams or Geysa Smiljanic.

CPC Graduate Student Demography/Population Reading Group. For each meeting, a participant will serve as the leader, providing 2 or 3 articles and/or chapters to read related to their topic of interest. This group will facilitate student exposure to a breadth of literature across all of population studies and also develop some cross-disciplinary links. If you are interested in participating, please just send your name, department, and general area of interest/specialty to Christopher Gronberg.

Head Start and Child Care Graduate Student Research Grants. The Office of Planning, Research and Evaluation (OPRE) in the Administration for Children and Families, U.S. Department of Health and Human Services, has recently published two discretionary research funding announcements titled "Early Care and Education Research Scholars: Head Start Graduate Student Research Grants" and "Early Care and Education Research Scholars: Child Care Research Scholars." Both funding announcements aim to support work that will inform policy decisions and solutions, particularly for underserved/understudied populations, utilizing the most rigorous research methodology, and promoting mentor-student relationships that support students' independent lines of research. Deadline: June 8, 2015.

2015/16 PhD program in Economics, Management and Data Science (EMDS). Applications are now being accepted for PhD students in Economics, Management and Data Science (EMDS) for the 2015/16 PhD program at IMT Institute for Advanced Studies Lucca (www.imtlucca.it). Highly motivated candidates are invited to apply for one of the 35 fully-funded scholarships of the three-year doctoral program, which is articulated in curricula. The 3 curricula currently offered are field-specific, although in many instances they share a common scientific background. Deadline: June 29, 2015.
