EMPLOYMENT OPPORTUNITIES

[CPC Postdoctoral Associate \(Frank H.T. Rhodes Postdoctoral Fellow\)](#). The Cornell Population Center (CPC) invites applicants for the *Frank H.T. Rhodes Postdoctoral Fellowships*. The start date for the position will be August 15, 2016 and will be funded for 2 years, subject to a satisfactory first year evaluation. Selection will be based on scholarly potential, ability to work in multi-disciplinary settings, and the support of a faculty mentor and CPC affiliate at Cornell who will work closely with the post-doctoral associate. Preference will be given to fellows with research interests in areas broadly related to the CPC's four main foci: families & children; health behaviors & disparities; poverty & inequality; and immigration & diversity. Applications must include: (a) letter of application, (b) curriculum vita, (c) a statement proposing both an individual research project and how the candidate will engage with a CPC faculty affiliate's on-going research, (d) examples of written work, (e) a letter from a CPC faculty affiliate agreeing to mentor the candidate, and (f) three letters of recommendation. Applicants must have a Ph.D. in demography, economics, sociology, or another related social science discipline by August 15, 2016. For questions, please contact [Erin Oates](#). Application closes December 30, 2015.

[\(7\) Open-rank Professor \(WOT\) of Global Health, University of Washington](#). The Institute for Health Metrics and Evaluation and the Department of Global Health within the School of Medicine and the School of Public Health at the University of Washington are recruiting to fill several (up to 7) full-time and/or part-time faculty positions at the Assistant, Associate and Full Professor without tenure level. The successful applicants will have an MD or PhD (or foreign equivalent) in statistics, spatial statistics, ecology, epidemiology, genetics, population health, or a related field. The successful applicant will have a proven record of quantitative research in spatial and temporal modeling of diseases using multiple and large data sets. Open until filled.

[Postdoctoral Research Associate, Princeton University](#). The group of Johannes Haushofer in the Department of Psychology and the Woodrow Wilson School of Public and International Affairs at Princeton University is seeking applications for one or more positions at the level of postdoctoral or more senior research associate (Job #1500260). We are interested in understanding the relationship between poverty, psychology, and economic choice, and conduct lab and field experiments in both developing and developed countries, using approaches from psychology and economics. Initial appointment is for one year with possibility for renewal pending satisfactory performance and funding availability. PhD in economics, psychology, neuroscience, or related field. Deadline: December 30, 2015.
